

Mr. Blubber,

After completing our pre-Halloween inventory, we've noticed that we would need to make some orders to maintain our stock levels. We're running low on pumpkin speakers and will need to order at least 10 boxes of them. On the other hand, we're overstocked on skeleton mouses, although, that model is getting a little bit outdated, but by the moment there's no need to reorder more. We have completely run out of witch monitors, so you need to order at least 20 boxes of them.

Please let me know if you need any additional details.

Cheers,
Jim Nasium.
